WORK EXPERIENCE

iSchoolConnect   **03/2024 − 06/2024**

SDE Intern

- Learned Angular and Nest Js from udemy since, company's entire web app is built using these tech stack primarly.
- Resolved many issue like, image optimization, url change using strapi, seo task and feature adding tasks.
- Did meetings with the seniors and made many useful changes while collaborating with the team.
- Also, used git, github and gitlab extensibly in the company.

PROJECTS

Promptopia/ ReactJS, Next Js, Tailwind CSS MongoDB, NodeJS [live] [CODE],   **04/2024**

- Developed a GPT Prompts Sharing Website: Constructed a platform for sharing GPT prompts, demonstrating my ability to create and manage content-driven websites. (As 80% websites are crud based)
- Integrated Google Sign-In for User Convenience: Engineered a streamlined Google sign-in, enhancing user experience by catering to the 70.69% of 18–25-year-olds who prefer social login.
- Enabled User-Generated Content Submission: Incorporated a feature allowing users to create and submit their own prompts, fostering a community-driven content creation environment.
- Google trends say ChatGpt is **33 times** more popular than other sites.

My Portfolio/ Next Js, React Js, Tailwind CSS, Framer Motion, Context API, Nodemailer [live]   **02/2024**

- Made a stunning portfolio website for me showcasing my skills and profiecny in web.
- Pagespeed Insights gives my website 100 in penformance, SEO, best practices which showcases the ability to make not only a website but, a seo friendly and performant website.
- Github link
